Jazz Saxophone repertoire list

1 September 2016 – 31 December 2022
This repertoire list should be read in conjunction with the current Jazz Grades Syllabus. Copies are available free of charge via our website, www.uwl.ac.uk/lcmexams, or from the LCM Examinations office.

Please refer to the Jazz Grades Syllabus for full details about Graded exams, Recital Grades, Leisure Play exams and Performance Awards.

This repertoire list is valid from 1 September 2016 until 31 December 2022.
1. Step grades
These are offered to encourage confident playing of familiar songs/tunes. The exercises contribute to a solid technical foundation.

2. Pieces (Grades 1–5)
At Grades 1 and 2, accuracy and a feel for the styles are the priorities.
At Grades 3 and 4, performances should include an increasing amount of embellishment and fills, and show awareness of turnaround figures. Some pieces will require small elements of improvisational exploration.
At Grade 5 these elements should be embraced with increasing enquiry and security.

3. Pieces requiring improvisation (Grades 6–8)
Alternative editions of jazz repertoire are acceptable.
Pieces requiring improvisation should generally consist of the head and two improvised choruses.
Backing tracks are optional. Live accompaniment is encouraged (e.g. piano, keyboard, guitar, rhythm section).
Creative enquiry, good use of jazz language and secure skills are important ingredients for a good performance.

4. Pieces set for more than one grade
Occasionally a piece may appear at more than one grade. Where it appears at a higher grade, a greater level of creative development and skill will be expected.

5. Real Books
Where reference is made to Real Books, alternative publications are acceptable (e.g. legal Fakers Books, etc.).

6. Aural tests
Jazz aural tests must be offered by the candidate (specimen jazz aural tests will be supplied in the handbook).
Please note that the standard aural tests are no longer an option in jazz exams.

7. Technical work
New to this edition of the repertoire list: candidates may opt to play a study (or studies) as an alternative to scales and arpeggios.
The following LCM Publications are relevant to this syllabus:

- LL161  Jazz Wind Handbook 1 (Grades 1–5)

Free Choice Memory Option

In the jazz examinations from Grade 1 to Grade 8, candidates may opt to offer ONE piece as a free choice, to be played from memory.

Jazz musicians often have a number of pieces that they play from memory. A good bank of memorised pieces contributes to enjoyment, confidence and creativity when playing in a group or in a jam session.

This option offers an opportunity to develop skills important to the jazz musician and to explore pieces which you enjoy – pieces which interest and enthuse you.

Through the grades, increasing levels of technical expertise, interpretation, sophistication and improvisational creativity will be assessed.

The following guidelines may help your choice:

**Grades 1 to 3:** A short piece or song which lends itself to a ‘jazz feel’ – perhaps a nursery rhyme (e.g. ‘Merrily We Roll Along’) or a well-known jazz theme (e.g. ‘When the Saints’, ‘C-Jam Blues’, ‘Frankie and Johnny’). Gospel pieces or some hymns also sometimes lend themselves to jazz interpretation (e.g. ‘Amazing Grace’).

**Grades 4 and 5:** You may wish to explore more repertoire and styles, perhaps including blues numbers and standards. You may wish to select a piece which was appropriate in earlier grades. The skill and creativity levels should be more sophisticated in quality.

**Grades 6 to 8:** Increasing levels of improvisation and stylistic authenticity and/or personalisation will be expected. You may wish to explore pieces and solos which have become iconic in the jazz world. Clarinet players may wish to explore New Orleans/Dixieland styling.

If the piece chosen appears elsewhere in the repertoire at the same grade, the piece may only be played once.

Candidates may be accompanied, or the piece may be played solo. If the piece is accompanied (e.g. by piano, guitar, rhythm section or backing track), ensemble awareness can be assessed alongside solo skills and creativity.
Jazz Saxophone: Step 1

Component 1 - Arpeggio
The candidate will be asked to play, from memory, the following arpeggio (tongued and slurred).

F major:

![Ascending Arpeggio](image1)
then
![Descending Arpeggio](image2)

Component 2 - Performance

1. To play a chorus of three different Nursery Rhymes or similar. One must be played from memory. They can be played accompanied or as a solo.

2. To play the chorus of an own choice piece. It may be another Nursery Rhyme. It can be played accompanied or as a solo. This piece may be read or played from memory. NB All of the pieces may be played in any key.

Component 3 - Questions

The examiner will refer to some written music so that the candidate may be asked to identify the stave, barlines, pitch names, note types, note time values, rest values and other signs important to the fundamental structure of the music.

Jazz Saxophone: Step 2

Component 1 - Arpeggio
The candidate will be asked to play the arpeggio illustrated in Step 1. It should be played ascending and descending without a break.

Component 2 - Performance

This should be as described in Step 1. There should be evidence of some personalised styling e.g. a) dynamics, b) little rhythm changes, c) little melodic additions, d) a sense of a 'swing feel'. NB lots of different personalised additions are not expected.

Component 3 - Questions

The examiner will refer to some written music so that the candidate may be asked to identify the stave, barlines, pitch names, note types, note time values, rest values and other signs important to the fundamental structure of the music.

**Component 3 - Musical Awareness** [See pages 24–25] 7 marks

**Component 4 - Creative Response Test** [See page 26] 10 marks

**Component 5 - Aural Tests** [See pages 27–30] 8 marks

Jazz aural tests are only acceptable in jazz exams. Specimen tests are available as a separate download from www.lcmebooks.org or are supplied free with a copy of the Jazz Wind Handbook 2 (LL162). (Reference to the Jazz Wind Handbook is an essential requirement to conduct and respond in these tests.)
Musical Awareness

Notes:

1. All questions and answers are verbal. Candidates are not expected to demonstrate on their instrument or to sing; but they may choose to do so if they feel that this would clarify their answer.

2. There is no set form of words, or number of questions. Examiners are encouraged to conduct the tests in a flexible and conversational manner. The number of questions asked, and the content of the questions, may differ from candidate to candidate. However, the prime focus will always be the music performed in the Performance section of the exam.

3. The knowledge required is cumulative for Grades 1–8; i.e. any knowledge required in earlier grades is required for later grades.

4. Although accuracy and appropriateness of response are the principal criteria of assessment, examiners will also look for articulacy, use of correct terminology, and a sense of engagement with, and understanding of, the music performed.

Requirements:

GRAD 1 AND 2
Candidates should be able to:

- name, and explain the meaning of, all basic notational elements in the music performed in the Performance component of the exam, including: staff, bars and barlines, clefs, pitches of individual notes, rhythmic values of notes and rests (including dotted notes), key and time signatures, accidentals, dynamics, articulation markings, phrases, ornaments, and any additional markings;
- explain which is their favourite piece and why;
- assign simple descriptive words to pieces to describe their mood (‘happy’, ‘sad’, ‘bouncy’, ‘jazzy’, ‘gentle’, etc.).

GRADE 3
In addition to the requirements for Grades 1 and 2, candidates may be asked to:

- identify intervals up to and including a fifth by numerical value only (e.g. ‘second’, ‘fourth’, etc.);
- demonstrate an understanding of basic chord symbols;
- describe the mood or character of pieces using appropriate descriptive terminology (‘fast and lively’, ‘gentle and flowing’, ‘like a dance’, etc.);
- identify contrasts of mood within pieces;
- discuss any pictorial or descriptive element of the music.

GRADE 4
In addition to the requirements for Grades 1–3, candidates may be asked to:

- identify intervals up to and including an octave by numerical value only (e.g. ‘fourth’, ‘seventh’, etc.);
- demonstrate basic knowledge of composers and/or famous performers of the music performed, including their nationality and approximate dates;
- discuss their approaches to learning the pieces, and to identify any particular difficulties (musical or technical) which were encountered.

GRADE 5
In addition to the requirements for Grades 1–4, candidates may be asked to:

- identify intervals up to and including an octave by number and type (e.g. ‘Major 2nd’, ‘Perfect 4th’, etc.);
- demonstrate knowledge of basic formal structures (e.g. contrasting or repeated sections);
• identify principal modulations (by naming the new key or its relationship to the home key);
• identify major and minor chords as occurring in the music (either as chords or as melodic patterns);
• demonstrate knowledge of pentatonic and blues scale structures.

GRADE 6
In addition to the requirements for Grades 1–5, candidates may be asked to:
• demonstrate knowledge of blues structures, chord structures, and modes in the major scale;
• demonstrate stylistic understanding and awareness;
• respond to questions on musical influences;
• discuss their personal responses to the music performed: the extent to which they like or dislike it, or find it challenging or rewarding, and why;
• approaches to learning the music, including the use of certain techniques, and aspects of interpretation;
• demonstrate a self-critical awareness of their own performance, indicating to the examiner which aspects of their performance they were happy or unhappy with, and why.

GRADE 7
In addition to the requirements for Grades 1–6, candidates may be asked to:
• demonstrate knowledge of II-V-I patterns (G, C and F majors only) and the circle of fifths;
• give basic biographical information about the composers and/or famous performers of the music performed;
• demonstrate awareness of the historical and stylistic context of the music;
• demonstrate a widening musical awareness a little beyond the music performed.

GRADE 8
In addition to the requirements for Grades 1–7, candidates may be asked to:
• demonstrate knowledge of tritone substitutions, sus chords and turnarounds;
• identify other pieces by the same composers;
• identify any interval by number and type;
• discuss with the examiner a range of issues arising from the music performed, demonstrating evidence of a rounded musical awareness, in terms of both the repertoire itself, and the candidate’s response to it as a performer.
This section of the examination will test the candidate’s ability to develop improvised phrasing at sight. Approximately one minute will be allowed to study the test, during which time the candidate may try the test if they wish.

Examples are provided in *Jazz Wind Handbook 1* (LL161) and *Jazz Wind Handbook 2* (LL162).

**GRADE 1**

The test will be repeated, using a different interval (1 mark).

GRADE 4

Rhythm
Candidates should refer to Rhythm & Improvisation Exercise No. 4: Rock on page 51 of Jazz Wind Handbook 1. The examiner will play, on one note, one of Examples 1, 2, 3 and 4. Candidates will be asked to:

2 identify the interval, by numerical value and type (1 mark).

The test will be repeated, using a different interval (1 mark).

GRADE 5

Rhythm
Candidates should refer to Rhythm & Improvisation Exercise No. 5: Latin on pages 63–64 of Jazz Wind Handbook 1. Candidates will be asked to:
1 (a) tap (one hand upper pattern, one hand lower pattern) either the Samba, Bossa Nova or Beguine example, as selected by the examiner; this may be read from the book (2 marks).

The examiner will count in and clap the upper pattern of two bars (twice), taken from either the Samba, Bossa Nova, Beguine, Mambo or Rumba (or Bolero) examples. Candidates will be asked to:

1 (b) identify the note and rest time values. Terminology such as half note, quarter note, etc. is acceptable. Candidates may not look at the music for this test. Only the first two bars are used for this test (2 marks).

Pitch

An interval will be played twice, with the pitches sounded together. The interval may be any major, minor or perfect interval within the octave, as well as the augmented 4th/diminished 5th. Candidates will be asked to:

The test will be repeated, using a different interval (1 mark).

The key-chord of a major key will be sounded. A short melody in the same key, of approximately 2 bars in length, will be played, finishing with a harmonised cadence (perfect, imperfect, plagal or interrupted) in the home key. Candidates will be asked to:
